Fur-Fur Spray Pet's Hygiene Care

A ready-to-use HOCl hygiene spray designed for direct application on pets' skin and affected areas. Gentle, safe, and no rinsing required.

As Instant Hygiene Spray & Cleaner

It helps maintain the cleanliness of your pet's fur, paws, and ears.

As Wound Support

It is used to clean and disinfect wounds, providing a hygienic environment.

For minor wounds and external use only. If wound is deep, bleeding heavily, or shows signs of infection, consult a veterinarian.
